■ **Adult Learners' Fortnight** is now over. I hope everyone who participated enjoyed learning new skills! I especially enjoyed the acupuncture sessions! We are now planning to set up the acupuncture sessions on a weekly basis.

On June 13 at 7pm there will be a Police Consultative Committee Meeting at the Olympus Theatre. All are welcome to voice their concerns.

Get ready for the re-launch of the Neighbourhood Project's One-Stop-Shop on Matson Avenue on June 21 between 11.30 and 1.30.

The Matson News is now at the printers and once again I am pleading for people to help with the delivery! Please contact me if you can help.

The Matson History project had a successful first meeting which was led by Jerry Jenkinson and Marge Morgan of the Two Parishes History Project. If you are interested in becoming involved in this, or have tales to tell about Matson years ago, contact me.

Fair Shares is still looking for new members. Perhaps you need help with some decorating or walking the dog or perhaps you could help. Call into the Neighbourhood Project for a leaflet or call Fair Shares direct on 541337.
